

CAF 10/5

HAFNER

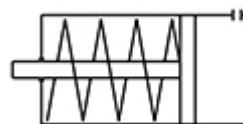

(HU) Mini henger

Technical data

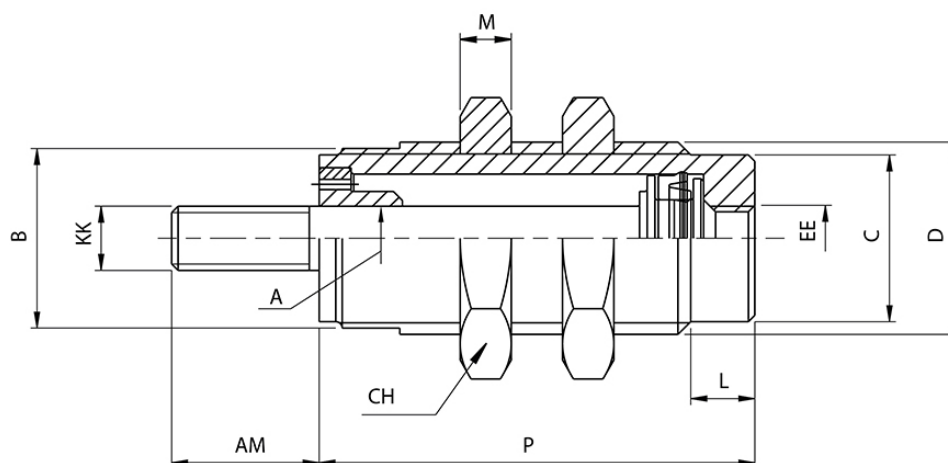

Port size / Connection	M5
Piston rod thread	M4 - male thread
Medium	Compressed air
Material seals	Polyurethane
Material heads	Nickel-plated brass
Diameter	Ø10
Function	Single acting
Temperature range	-20°C...+80°C
Material body	Nickel-plated brass
Material piston	Brass
Material guide bushing	Sintered bronze
Piston rod diameter	Ø5 mm
Stroke	5 mm
Operating pressure	2...7 bar
Thrust force	42 N
Material piston rod	Stainless steel (AISI 304)
