

# A-00212-1/8

HAFNER

(HU) Gyorscsatlakozó dugó, belső menettel - DN5

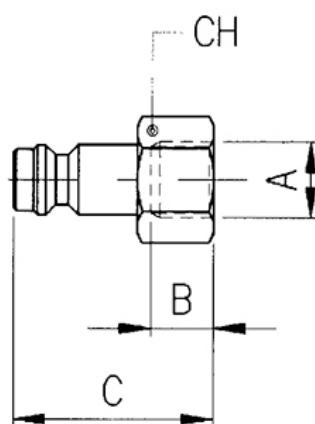

## Technical data

|                                       |                     |
|---------------------------------------|---------------------|
| <b>Kivitel</b>                        | menetes             |
| <b>Material</b>                       | Nickel-plated brass |
| <b>Medium</b>                         | Compressed air      |
| <b>Material seals</b>                 | Without seal        |
| <b>Operating pressure</b>             | 0...12 bar          |
| <b>Material springs</b>               | Stainless steel     |
| <b>O-gyűrű anyaga</b>                 | NBR                 |
| <b>Golyó anyaga</b>                   | Stainless steel     |
| <b>Pressure range</b>                 | 0...12 bar          |
| <b>Port size   Push-in connection</b> | G 1/8"              |
| <b>Material body</b>                  | Nickel-plated brass |
| <b>Csatlakozó hüvely anyaga</b>       | Stainless steel     |
